## CNC skilled worker (m/f/d)

For our location in Hengersberg we are looking for a CNC skilled worker (m/f/d)

### Your duties:

- Completely independent operation of the systems
- Identify potential causes of errors
- Independent programming and program changes on the machines/plants
- Creating programs on the CAM
- Process-reliable running-in of the created programs
- Application and implementation of prescribed procedures and instructions
- Compliance with the maintenance schedules, maintenance of the equipment and operating resources provided
- Attention to occupational safety

### Your profile

- Skilled worker, machinist or recognised 3-year technical vocational training
- Or learning with technical training and successful external qualification
- Min. 3 years of experience in the specialist field
- Independent programming of components e.g. Automotive
- IT knowledge (MS Office, ERP systems)
- German spoken and written

### We offer you:

- Collectively agreed surcharges for overtime, night work, Sunday and holiday work
- Up to 30 days vacation (depending on length of service)
- Employee discount program (discounts at many online shops + concrete partners)
- Grants for VWL
- Dynamic and highly motivated team
- Demanding and varied activities
- Various possibilities for further development

We have aroused your interest? Then send us your application today by e-mail or post:
